3. Recommended Rates of Pay for Privately Paid Secretaries and Caretakers

Under the terms of the recent national pay agreement, Towards 2016 – Module 2, private sector employees were granted a 3.5% pay increase to take effect after 9 months on the previous scale. The 9 months includes a 3 month pay pause. The increases are allowable **subject to ability to pay and agreement on modernisation and change**. We have decided not to send out detailed salary scales at this time due to uncertainty in the economy and the possibility that the agreement may be renegotiated. A detailed guideline will be sent out in January 2009.
