

Easy Payments Plus

Go Cashless with Easy Payments Plus

Easy Payments Plus is an approved Framework Agreement provider.

Key benefits of our solution

-  Remove cash
-  Save time
-  Lower costs
-  Reduce administration
-  Increase security
-  Improve financial control

Our payment options include

- Exclusively collect cash payments in over 3,000 Payzone Agents nationwide
- Collect card payments online through your website
- Collect card payments in your school with our card terminal
- Record and receipt cheque payments, Direct Debits and Standing Orders.
- Offer an instalment option for parents to help spread the cost of payments throughout the year.

Additional features include:

- **Fundraising** – enable payments outside the school community for fundraising and other activities.
- **Payment Requests** – send payment requests directly to individual parents or an entire class.
- **School Shopping Cart** – allow parents to choose what they wish to pay for (e.g. afterschool study).
- **Class administrator** – allow a class teacher to view reports for students in their class.
- **Communication feature** – enable easy communication to parents via text or email.
- **Request information** – request additional information from parents as they submit their payment (e.g. permission for a student to take part in water based activities when paying for a school trip).
- **Send information** – send information to parents based on the item they are paying for (e.g. itinerary for a school trip or rules for study sessions).
- **Single sign-on** – a parent can have a single login to make payments for all of their children across multiple schools.
- **Automatic receipts** – receipts for all payment types delivered via email or text.

Integration with your student database and financial accounting system

- Our system allows you to easily import all your student data from any existing student database.
- Our system allows you to easily export data for integration with your existing finance package.
- We can work with you to provide integration with Sage 50 where required.

Reconciliation of payments

We provide:

- Real-time payment reports.
- Bank reconciliation reports with the option to summarise by income type or payment item.
- Class payment reports to identify students who have/have not paid.

Training and Support

We provide the following free of charge:

- Full training on account set up.
- Ongoing support over the phone and by email.
- Periodic refresher courses.

Reporting

We provide customisable payment reports categorised by:

- **Income type** – e.g. tours, fees, afterschool study.
- **Payment item** – e.g. Afterschool study Monday 4.00 – 5.00.
- **Payment type** – Cash, card, cheque
- **Family account** – all payments for a particular family.
- **Instalments** – reports detailing the status of all instalment plans.
- **Owing** – reports listing all people who have outstanding payments.
- **Class** – students paid/unpaid for an income type or payment item for each class.
