

Remittance Advice Emails for Grants Issued

The Department of Education and Skills has implemented new procedures for sending remittance advice slips to schools when grants are issued. Since November 2017, the 'Blue Slip' has been replaced by an email.

School personnel should check the Trash or Spam folder if they are not receiving the email into the Inbox.

If a school changes their e-mail address or would rather the e-mail go to an alternative e-mail address, they can send an e-mail to remittance@education.gov.ie quoting their School Roll Number and preferred school e-mail address. A personal email address cannot be used.
