

# Monthly Reporting Template Training Manual

## Contents

### Section 1:

### Set Up

- 1.1 Download Monthly Report Template
- 1.2 Main Menu Review
- 1.3 Inputting School Details
- 1.4 Reviewing the Chart of Accounts
- 1.5 Customising School Settings and Preferences

### Section 2: Opening Balances

- 2.1 Entering Opening Bank Balances
- 2.2 Entering Uncleared Prior Year Cheques
- 2.3 Entering Monthly Closing Bank Balances

**Income and Payments** 

2.4 Breakdown Reserve Brought Forward

### Section 3:

- 3.1 Income and Payments Overview
- 3.2 Entering Income Transactions
- 3.3 Entering Payment Transactions
- 3.4 Adding and Deleting Rows
- 3.5 Hide and Unhide Rows
- 3.6 Adding and Deleting Comments
- 3.7 Bank Reconciliation
- 3.8 Move Outstanding Cheques
- 3.9 Amend Transactions-Edit/Delete/Refund
- 3.10 To Cancel Old Cheques
- 3.11 Obtain the Actual Balance of Funds

### Section 4:

### Budget

- 4.1 Budget File
- 4.2 Importing the Budget into the MRT
- 4.1 Review Actual V Budget Reports
- 4.4 Review Budget Summary and Graph
- 4.5 Budget Reports

### Section 5: Bank Summary Page

- 5.1 Entering Opening Reserve
- 5.2 Departments
- 5.3 Running and Rewinding Reports
- 5.4 Printing Reports

### Section 6: Reports

- 6.1 Bank Reconciliation Statement
- 6.2 Income and Expenditure
- 6.3 Capital and Reserves
- 6.4 Actual V Budget
- 6.5 Bank Summary
- 6.6 Cashflow
- 6.7 Receipt Transactions
- 6.8 Payment Transactions
- 6.9 Multiple Report Selection

#### Section 7:

### Financial Year End

7.1 Checklist

### Section 8: Supporting Resources

- 8.1 Chart of Accounts
- 8.2 Chart of Accounts Suggestions
- 8.3 Bank Summary Default Breakdown
- 8.4 Petty Cash Template
- 8.5 Budget Template

### **1.1 Download Monthly Report Template**

Before you start Excel 2010 or newer is required to run these templates.

1. Download your copy of Monthly Reporting Template (MRT) from www.fssu.ie

There are 3 files available: Standard 4 bank file, 6 bank file and the Irish version

### **1.3 Inputting School Details**

- 1. In the Instruction worksheet enter the school name, roll number
- 2. Enter the names of your bank try to keep this brief, just enough information to distinguish

| STEP 1: | Input your school Name:   | Scoil                 |
|---------|---------------------------|-----------------------|
| STEP 2: | Input School Roll No:     | 12345G                |
|         |                           |                       |
| STEP 3: | Enter Bank Account Names: | BOI Main<br>BOI Meals |
|         |                           | BOI Deposit           |
|         |                           | Bank 4                |

#### 3. Follow step 4 to step 7 navigation links to complete the full set up of the file.

| STEP 4: | Sheet - COA   |               |                 |
|---------|---|---------------|-----------------|
|         | Examine the list to determine which 'Nominal Code Descriptions' are relevant to your school                   |               |                 |
|         | Codes that are not relevant should be changed to "N" in column E  |               |                 |
|         | Review your changes to ensure items changed to "N" are accurate   |               |                 |
|         | Click on "Update Hidden Columns" which will show/hide these items from necessary sheets                       |               |                 |
|         | Search for individual categories using the searh box as indicated   | Go To:        | STEP 4          |
| STEP 5: | Sheet - Actual v Budget   |               |                 |
|         | Budget Reports: Year to Date Actual Versus Budget - Import/Input budget figures.                              | Go To:        | STEP 5          |
|         | The import option will populate the Budget and the Prior Year.  |               |                 |
| STEP 6: | Sheets - September Payments to August Payments  |               |                 |
|         | September Bank Reconcilation - Input opening bank balance figure which is extracted from your bank statem     | ent as of the | e 1st September |
|         | (The opening bank balance is required for September only, the closing bank balance is required for all months | i.)           |                 |
|         | If applicable, enter cheques drafted and recorded in prior year and not cashed per bank account               | Go To:        | STEP 6          |
| STEP 7: | Sheet - Bank Summary Page   |               |                 |
|         | Grant balances brought forward from prior year are entered into the Grant Analysis Section                    |               |                 |
|         | To update and generate reports select 'Year to date' or a relevant month from the dropdown as indicated       | Go To:        | STEP 7          |

4. The opening bank balances are taken directly from your bank statement as of Sept 1<sup>st</sup> and entered the September bank reconciliation. Opening bank balances are only entered once.

| STEP 6: | Sheets - September Payments to August Payments   |              |               |
|---------|--|--------------|---------------|
|         | September Bank Reconcilation - Input opening bank balance figure which is extracted from your bank stateme     | nt as of the | 1st September |
|         | (The opening bank balance is required for September only, the closing bank balance is required for all months. | )            |               |
|         | If applicable, enter cheques drafted and recorded in prior year and not cashed per bank account                | Go To:       | STEP 6        |
|         |  |              |               |

- 5. If applicable, enter cheques drafted and recorded in prior year and not cashed per bank account. The cheques are totalled, the total amount is recorded under the relevant bank.
- 6. If the prior year cheques are not cashed in September, they will form part of your outstanding cheque listing until they are presented at the bank.
- Closing bank balances are entered directly from your bank statement as of the last day of the month that you are reconciling. Closing bank balances are entered every month for a monthly bank reconciliation.

### **1.4 Reviewing the Chart of Accounts (COA)**

- 1. The Chart of Account (COA) is the structure of the Monthly Reporting Template because everything stems from the COA worksheet.
- 2. Review and familiarise yourself with different codes available in the COA. This will make data entry easier and remember to be consistent when categorising to a COA code.

### **1.5 Customising School Settings and Preferences**

- 1. The full FSSU Primary Chart of Accounts can be viewed in the COA worksheet with a facility to hide items not relevant to your school.
- 2. The FSSU team have reviewed the codes and we have marked the codes with 'N' to hide codes not commonly used by Primary schools.
- 3. To customise the COA to your school, examine the list of descriptions to determine which codes are relevant to your school.

| 1ain Menu       |   |                          |   | Up      | date Hidde | en Columns |

| 3050            | Ancillary/School Support Services Grant | Income                   | Department of Education & Skills Income | Y       | 0.00       |            |
| 3140            | Special Education Equipment Grant       | Income                   | Department of Education & Skills Income | Y       | 0.00       |            |
| 3150            | Book Grant Income                       | Income                   | Department of Education & Skills Income | Y       | 0.00       |            |
| 3160            | Book Rental Scheme Grant                | Income                   | Department of Education & Skills Income | Y       | 0.00       |            |
| 3190            | JCSP Grant                              | Income                   | Department of Education & Skills Income | Y       | 0.00       |            |

- 4. Change status of the code from 'Y' to 'N' if the item is not required
- 5. Hit 'Update Hidden Columns' to hide the display of these items from certain columns, rows,
   lists and reports.
- 6. Change status of the code from 'N' to 'Y' if the item is subsequently required
- Hit 'Update Hidden Columns' to show the display of these items in certain columns, rows, lists and reports.
- 8. To reactivate the codes already hidden, change the 'N' to a 'Y' and run the 'Update Hidden Columns' routine.

### 2.1 Entering Opening Bank Balances

1. To enter opening and closing bank balances for each bank account in the spaces allocated – these figures are taken directly from the bank statements

2. The opening bank balance entry is required for September only - the closing balance is required to be entered every month.

|                                 | September Ban  | k Accounts Reconciliat    | ion Statement                    |               |

2. If cheques are still outstanding at the end of the month - record separately in the outstanding cheques section.

| Outstanding Cheqs | (These figures relate to cheques written by s | chool but not yet cashed therefore do not appear on t | he bank statement) |
|-------------------|---|---|--------------------|
| Bank              | Description                                   | Cheque no.  | Amount             |
| BOI Main          | Drafted in August                             | 12341   | 300.00             |
| BOI Main          | BOI Meals                                     | BOI Deposit   | Petty Cash         |
| 300.00            | 0.00  | 0.00  | 0.00               |

### **2.2 Entering Monthly Closing Bank Balances**

- 1. Every month requires a closing bank balance, taken directly from the bank statement, in order to do a monthly reconciliation.
- 2. Enter closing bank balances under the relevant bank as per your bank statement.

|                | BOI Main                                     | BOI Meals  | BOI Deposit           | Petty Cash |
|----------------|--|--|-----------------------|------------|
| Enter Closing  | 124474.57                                    | 10148.70   | 573.00                | 189.28     |
| Bank Balances: |  |  |                       |            |
| Bank Balance   | This figure is the sum of the amounts on the | bank statements as at the end of the month and is po | pulated automatically | 135,385.55 |

### 2.3 Breakdown Reserve Brought Forward

- 1. There is an option to breakdown the reserve brought forward to allow grant balance analysis per default department.
- 2. Reserve of grants brought forward from prior year are entered in the yellow cells
- 3. Breakdown the ringfenced grant initially and then look at the general funding reserves.
- 4. A balancing figure can be entered under Capitation because this money will be used in the running costs and both the reserve amount and the grand total should match to get an accurate reflection of grant balances.
- 5. Receipts, payments and balances for this Financial Year are populated automatically

| HIDE DETAILED ANALYSIS                                   | UNHIDE DETAILED   | ANALYSIS  |                 |                           | Analysis           |                              |

### 3.1 Income and Payments Overview

- 1. Receipts and payments are entered in the relevant Income and 'Payment' worksheets
- 2. Receipts are usually taken directly from the bank statement and recorded in the 'Receipts' worksheets for the relevant month.
- 3. Payments can be recorded as they occur, such as when cheques are drafted.
- 4. Generally, record the transactions such as transfer, standing orders and bank fees directly from your bank statements.

### **3.2 Entering Income Transactions**

- 1. When entering in each lodgement or receipt select the bank account the transaction is relating to from the drop-down list in column B.
- 2. Enter a date in the correct format: DD/MM/YY or DD/MM/YYYY and it will automatically convert to the long version date: 01 September 20XX.
- 3. Always enter a description because this is required in order to generate reports.
- 4. Always select a category form the drop-down again, this is required in order to generate reports.
- 5. A reference entry is optional and is not required to be filled to generate the reports.
- 6. Always, select the category from the drop-list this is required for reporting and upon selection the data input cell will automatically highlight
- 7. Double-click on the category cell to activate a searchable drop-down.
- 8. Select a category from the dropdown to activate the GO TO cell feature the matching column title will highlight to enter a value. This will populate the amount column G.

### 3.4 Adding and Deleting Rows

#### Add Row

- 1. If another row is required, use the 'Add Row' button located at the top of each of the monthly Income & Payment worksheets to add a row at the end of the data set.
- 2. Click the Add Row button. ADD ROW
- 3. A message will appear to enter the number of rows required. The maximum is 50 rows per routine. Click Ok to enter the rows needed.

| Insert Rows                                      | ×            |
|--|--------------|
| Enter number of rows to insert, max 50 per click | OK<br>Cancel |
|  |              |

#### Add Row Above

- 4. If another row is required above a row, use the 'Add Row Above' button located at the top of each of the monthly Income & Payment worksheets to add a row above a selected cell in column A8 to the last row above the total row.
- 5. Click the Add Row button. ADD ROW ABOVE
- 6. A message will appear to enter the number of rows required. The maximum is 50 rows per routine. Click Ok to enter the rows needed.

| Insert Rows                                      | ×            |
|--|--------------|
| Enter number of rows to insert, max 50 per click | OK<br>Cancel |
|  |              |

#### **Delete Row**

- 7. To delete a row or rows, use the 'Delete Row' button located at the top of each of the monthly Income & Payment worksheets.
- 8. Select the row or rows to delete by selecting the cell or cells in column A8 to the last row above the total row to delete the entire row/s
- 9. Click the 'Delete Row' button. **DELETE ROW**
- 10. A message will appear asking are you sure.
- 11. Select Yes to delete or No to exit the routine

| ?    | Are you sure you want to delete this comment? |  |
|      | Yes No  |  |

### 3.7 Bank Reconciliation

 A bank reconciliation is an important part of the process to ensure that your transactions in the Income and Payments worksheets match what has gone through the bank accounts. It is a monthly cross-checking exercise where you match your transactions in the Income and Payments worksheets to what are on the bank statement.

#### To do a bank reconciliation:

- 2. Ideally, you should have a copy of your bank statements printed off for the month that you are reconciling.
- 3. You should ensure you have all the transactions in the relevant monthly income and payments worksheet, including lodgements, standing orders, direct debits and bank fees.
- 4. Cheques drafted for the month should be recorded and remember to include the cheque number as a reference.
- 5. Look at your bank statement, line by line, and tick each transaction on the bank statement to match the income and payment worksheet transaction.
- 6. To tick each transaction in the income and payment worksheet; right click in the cell in Column A to generate a tick, to match the transaction on the bank statement. **Right Click to Tick**
- 7. This will highlight the amount in green to enable you to clearly see what items are not matched.
- 8. Review your bank statement to see if you have any unticked items, these omitted unticked need to be included in your income and payments transaction.
- 9. Review your income and payments transactions, any unticked could be cheques that are not presented at the bank or items that are not on your bank statement.
- 10. Omission or wrong recording of a transaction will cause a difference between your income and payments to the bank statement transactions. Correction is required in order to reconcile.
- 11. Cheques that are not presented at the bank need to be included in the outstanding cheque listing section in the bank reconciliation. These cheques are carried to the next month until they have cleared the bank.
- 12. Once you have reconciled to the bank account your unreconciled balance should be 0.00
- 13. When all banks are reconciled you should get a tick in the bank reconciliation to indicate that the reconciliation is complete.

### 3.8 Move Outstanding Cheques

- 1. There is a facility to move the uncashed cheques to the outstanding cheque section by clicking the 'Move Unticked to Outstanding Cheques Section'
- 2. Once all transactions have matched and the only unticked items are the cheques that have been drafted that month but haven't cleared in the bank.
- 3. Click 'Move Unticked to Outstanding Cheques Section' button. MOVE UNTICKED TO OUTSTANDING CHEQUES SECTION
- 4. A message will appear indicating the number of cheques to move and if you are sure you want to move them to the outstanding cheque section. Click 'Yes' to move or 'No to exit the routine.
- 5. If you make a mistake, just delete the cheques in the outstanding cheque listing and start again.

### 3.9 Amend Transactions-Edit/Delete/Refund

1. Everyone can make mistakes, that's why you have the option to amend transactions after you've entered them. If you make a mistake on a transaction or you enter a transaction in error, within the income and payment worksheets, locate the transaction to correct or delete.

#### To delete a transaction:

2. To delete, select the single category in Column E and hit your delete key. This will clear also clear the amounts in the category row. Select any other data to delete and hit the delete key.

#### To amend a transaction:

3. Reselect from the dropdown and the cell will go the correct column to enter a value. If a transaction does not have a category selected it will not show in the reports.

#### To enter a refund:

4. Record them as a negative (minus) payment against the original category used when paying revenue. e.g. Overpayment of PRSI/PAYE on secretarial wages, post a negative amount in payments tab, selecting secretarial wages category

| Bank     | Date           | Description              | Category                | Cheque No. / DD / SO<br>Reference No. | Amount   | Caretaker<br>Wages Expense |
|----------|----------------|--------------------------|-------------------------|---------------------------------------|----------|----------------------------|
| BOI Main | 31 August 2024 | Revenue Refund PAYE/PRSI | Caretaker Wages Expense | DD                                    | - 253.60 | - 253.60                   |

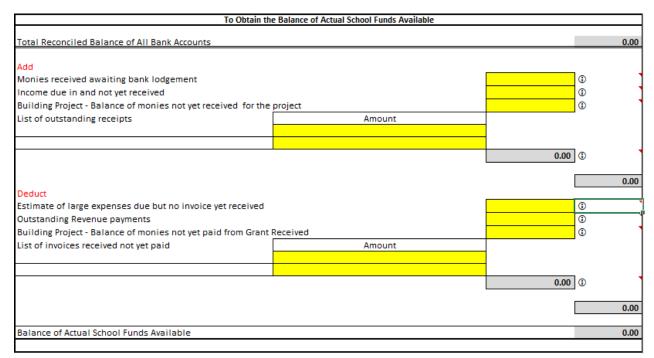

### **3.10 To Cancel Old Cheques**

 If an uncashed cheque is over 6 months old, or for some reason you have cancelled a cheque it should be written back. This just means putting in a negative expense. Select the relevant bank, date at which cheque is cancelled/written off, and in description put written off or cancelled cheque. Choose the same category as you originally chose for the cheque, e.g. teaching aids, art expense, book grant expense etc. then put a minus amount in the blue cell. This has the advantage of reducing the amount of the overall expense code. So, when you run a report on any of those categories it will include the negative amount and the total is reduced.

| BOI Meals | 31 October 2023 | Check lost and canceled | DSP School Meals Food Costs | 12362 | - 560.00 | - 560.00 |
|-----------|-----------------|-------------------------|-----------------------------|-------|----------|----------|
|           |                 |                         |                             |       |          |          |

### 3.11 Obtain the Actual Balance of Funds

- 1. To obtain the balance of actual school funds available the school needs to consider timing differences for outstanding uncleared lodgements and outstanding uncleared payments. For instance, the school may receive monies but haven't lodged it to the bank or there is an outstanding invoice that is pending payment. You may want to factor in guaranteed income or frequent monthly payments to show the impact on the reconciled bank balance to obtain the balance of actual school funds available.
- 2. In each of the monthly payment worksheets, under the bank reconciliation there is a section where outstanding uncleared lodgements and outstanding uncleared payments can be entered.

3. Enter the amounts in the yellow cells. If more rows are required, select the Add Row buttons:

A message will appear asking how many rows to insert. Enter the amount of and click 'OK' or 'Cancel' to exit the routine.

4. To print the report, click the 'Print Actual Balance Report' button.

### 4.1 Budget File

- A school budget assists the board in effective decision making to manage the school finances on a day to day basis. A budget assists with controlling the school's financial resources and maximising the use of available resources. It's an estimation of planned events expressed in monetary terms which enables financial planning to ensure efficient running of the school.
- The FSSU budget template should be used when preparing the school budget and will allow the function to import the budget figures directly to the Monthly Reporting Template MRT/Actual v Budget worksheet. The 'FSSU-Primary-School-Budget-Template-24-25' is available on our website along with training videos on how to complete a school budget.

### 4.2 Importing the Budget into the MRT

- 1. On completion and approval of budget template, the next step is to import the budget into the MRT/ Actual v Budget worksheet. Importing the budget will allow the school to analysis their finances on an ongoing basis. The import is usually done in September when the MRT becomes available to download. However, it can be imported later, when the budget file is complete and approved or, you may want to overwrite an existing import to update the figures.
- 2. Within the budget template there is an option to import Year to Date figures from the previous year's MRT file. Make sure to update this import with the final year figures to enable complete 12-month comparative reporting. This is done when the previous year's MRT is reconciled to August or if a new import is needed to overwrite the existing figures.

Import from FSSU Monthly Template Year to Date 23-24->>> IMPORT FIGURES

3. MRT/ Actual v Budget worksheet: the budget figures can be manually entered in Column D or there is an option to import from populated stand-alone budget template. The import is the best option because it will also import previous year figures to allow for period comparatives.

#### To import the budget:

- 4. To import the budget, go to the 'Actual v Budget' worksheet in the MRT file and click the 'Import Budget' button.
- Import Budget
- 5. A message will appear asking if you are sure you want to run the routine. Click 'Yes' to run or 'No' to exit the routine.

| FINANCIAL SUPPORT SERVICES UNIT            | × |
|--|---|
| Are you sure you want to run this routine? |   |
| Yes No                                     |   |

6. Browse to the budget template, select the file and click open.

7. A message will appear saying the budget has been imported successfully. The figures will import into budget column D and column I from row 6 down.

|         | YEAR TO DATE ACTUAL VERSUS BUDGE        | Input/Import | /         |              | <br>Sep-24     |                | PERIOD ACTU  | JAL v PRIOR YR |                 |

### 4.3 Review Actual v Budget reports

- 1. The Budget report is a comparison per category of year to date actual versus budget. The budget figures were estimated based on current information previous experience and plans for the year. The actual figures accumulate as income and expenses are entered.
- 2. The Period report is a comparison per category of the rolling period actual versus period prior year actual. Select a month or full year from the drop down to update the figures to compare the current year actual to the prior year actual to view the differences.

| Jun-25                | Jun-24       | I |
|-----------------------|--------------|---|
| <b>Rolling Period</b> | Period Prior |   |
|                       | Year         | I |
|                       | 2023/2024    |   |

### 4.4 Review Budget Summary and Graph

- 1. The budget summary is a comparison per category of year to date actual versus budget.
- 2. The orange section are the imported budget figures and green are the actual year to date amounts. These actual amounts will increase as you enter transactions into the income and payment sheets. The summary allows to track Actual v Budget differences and to easily gauge the differences between the two comparatives.

|            | SUMMARY: YEAR TO DATE ACTUAL VER     | SUS BUDGET | Year to Date v<br>Budget<br>2023/2024 | Year to Date<br>v Budget<br>2023/2024 |             |                                      |        |

| Difference | (Actual minus projected)             | 23126      | Budget                                |                                       |             | Surplus/ (Deficit)                   | 4105   |

3. In order to determine the difference or variance between the budgeted and actual value, we have a budget vs actual chart. With this target chart.

Actual figures are the green filled bars that you see in the chart and will grow as you enter data. Budget figures are represented by the horizontal orange target lines.

### 4.5 Budget Reports

1. To print reports, click on the buttons within the Actual v Budget worksheet.

```
Print YTD v BUD Print Period v Prior Yr
```

### 5.1 Entering Opening Reserve

- 1. Transferring reserve balances from one year to the next can be done once, the August bank reconciliation for the previous year's Monthly Reporting Template is complete.
- 2. The closing bank balances of the previous year's August reconciliation are the same as the opening bank balances for September 1st in the new financial year.
- 3. Cheques that were still not cashed in the previous year's August bank reconciliation, should be reviewed to determine if they need to be written off or cancelled. Make your accountant aware of these cheques because the accountant will do a yearend adjustment.
- 4. Cheques that are still valid need to be transferred to the new financial year.
- 5. The total amount of valid cheques is entered in the September bank reconciliation in the prior year cheque section under the relevant bank.

| September Bank Accounts Reconciliation Statement  |  |           |             |            |  |  |  |  |
|---|--|-----------|-------------|------------|--|--|--|--|
| Bank Account No.:   |  |           |             |            |  |  |  |  |
| Bank Account:   | BOI Main   | BOI Meals | BOI Deposit | Petty Cash |  |  |  |  |
| Enter Opening<br>Bank Balances:   | 100000.00  | 5000.00   | 0.00        | 0.00       |  |  |  |  |
| Opening Balance   | This figure is the sum of the amounts on the bank statements as at the beginning of the month and is populated automatically |           |             |            |  |  |  |  |
| Total Prior Year<br>Cheques Per Bank  | 300.00   | 200.00    | 0.00        | 0.00       |  |  |  |  |
| Cheques drafted and recorded in prior year and not cashed (This figure is the sum of the amounts for all prior year chec 500. |  |           |             |            |  |  |  |  |

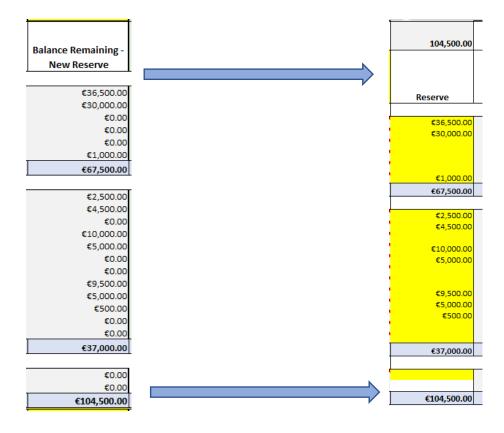

6. The opening balances are entered in the September bank reconciliation and that total minus prior year cheques populates the balance brought forward from the previous year.

| Balance Brought Forward from<br>previous year   | 104,500.00 |
|---|------------|
| Breakdown amounts included in<br>the above balance over the<br>departments listed below | Reserve    |

- 7. The next step is to transfer the reserve from the previous year to this financial year.
- Go to the 'Bank Summary' worksheet in the previous year and refresh the reports by selecting 'Year to date' in the dropdown. This will refresh all the reports in the bank summary worksheet.

|          | Year to date        |         |                       |
|----------|---------------------|---------|-----------------------|
|          |                     |         | Rig                   |
|          |                     | Isolate | Clic                  |
|          |                     |         | to                    |
|          | Balance Remaining - | Reserve | tic                   |
| Payments | New Reserve         | Balance | <ul> <li>✓</li> </ul> |

9. Copy the balance remaining – new reserve figures from the previous year to the reserve in the new financial year. This can be manually entered or pasted into the yellow cells.

- 10. The closing reserve amount should be the same as your opening reserve amount which is the same as the opening bank balances minus prior year cheques.
- 11. If you are new to the Monthly Reporting Template, breakdown the ringfenced grant initially and then look at the general funding reserves.
- 12. A balancing figure can be entered under Capitation because this money will be used in the running costs and both the reserve amount and the grand total should match to get an accurate reflection of grant balances.
- Receipts, payments and balances for this financial year are populated automatically.

| Breakdown amounts included in the above balance over the departments listed below | Reserve    | Receipts   | Payments   | Balance Remaining -<br>New Reserve | Isolate C<br>Reserve t<br>Balance |
|---|------------|------------|------------|------------------------------------|-----------------------------------|

### 5.2 Departments

- 1. Default departments are pre-set in the grant analysis reports. Each category selection in the income and payments worksheets will default to a predetermined department. A list of these are displayed when you hover over each department.
- 2. The grant analysis is a condensed listing by department of the reserve, receipt, payments and balance.
- 3. The Income analysis is a more detailed report by department and by categories associated with each income entered.
- 4. The Expenditure analysis is a more detailed report by department and by categories associated with each payment entered.

### 5.3 Running and Rewinding Reports

1. There are three reports that update when the reports are refreshed.

| Select Mth or YTD from dropdown to refresh reports |              |  |  |  |
|--|--------------|--|--|--|
|  |              |  |  |  |
|  | Year to date |  |  |  |

- 2. To update the reports, select a month in the dropdown or Year to date to report on all entries in the Income and payments worksheet to date.
- 3. The selection in the dropdown will activate a refresh of the reports.
- 4. To rewind to a specific monthly period, select the month on the dropdown and the reports will update from September to the month of selection.

Print Grant Analysis Print Incom Analysis Print Expenditu

### 5.4 Printing Reports

1. Select the print buttons to print the relevant report.

### 6.1 Bank Reconciliation Statements

- 1. The bank reconciliation for each of the banks named in the Monthly Reporting Template must be reconciled each month.
- 2. The bank reconciliation reports must be included as part of the reports for the Board.
- 3. To print the bank reconciliation there is a print button on top of each of the payment worksheets.

Print Bank Reconciliation September

4. The bank reconciliation statement should be signed by Treasurer and Chairperson. The Chairperson can nominate another board member in their absence.

### 6.2 Income and Expenditure

- 1. Go to 'Monthly Income & Exp. Reports' worksheet.
- 2. The income and expenditure report summaries the school's activity for the year on a category and monthly basis. This report should be included as part of the reports for the board.
- 3. To rewind the report to a specific period, select a month from dropdown and the report will condense to the month selected.
- 4. To hide zero values in the total column to make the report more reader friendly, hit the 'HIDE ROWS' or 'UNHIDE ROWS' button to view all values.
- 5. To print the income and expenditure report, click on the print button.

#### **Income and Expenditure Monthly Reports**

- 6. The monthly income and expenditure report summaries the school's activity for the period selected in the dropdowns.
- 7. To isolate a period, select the specific month from the dropdown to get a single month compared to a year to date amount.
- 8. The selection in the dropdown will populate a monthly report of income and expenditure and will also update the capital and reserves report to the month selected.

Capital Proiects Fundraising Income

6.3 Capital and Reserves

9. To print the monthly income and expenditure report, click on the print buttons.

1. The capital and reserves report would be populated and printed the same

way as the income and expenditure reports only if you have income and

expenditure that is of a capital nature otherwise, these reports will be blank.

PRINT Monthly Expenditure

Print Income & Expenditure Report

### 6.4 Actual v Budget

- 1. Go to the 'Actual v Budget' worksheet.
- 2. The Budget reports in the Monthly Reporting Template are laid out in line with the stand-alone Budget file and the Chart of Accounts, starting with Department of Education income.
- 3. The budget figures can be manually entered in the cells or there is an option to import if the budget template has been completed and confirmed. These budget figures were estimated based on current information previous experience and plans for the year.

Import

Budget

- 4. To import the budget, click on the 'Import' button.
- 5. A message will appear asking are you sure you want to run the routine.
- 6. Click 'Yes' to continue of 'No' to exit the routine.
- 7. Browse to budget template file and select 'Open'.
- 8. A message appears saying the budget has been imported successfully.
- 9. To generate accurate period comparisons, you must ensure that the full previous year's MRT has been imported into the budget file.
- 10. The figures will import into Budget report column D from row 6 down. The import option will populate the Budget and the Prior Year columns.

### 6.5 Bank Summary

- The bank summary reports are very useful for tracking grant balances per department. The reports allow you to quickly see which areas are doing well against school grants and which areas aren't.
- 2. There are three reports that update when the reports are refreshed.
- 3. To update the reports, select a specific month in the dropdown or 'Year to date' to report on all entries in the Income and payments worksheet to date.

- 4. The selection in the dropdown will activate a refresh of the reports.
- 5. To rewind to a specific monthly period, select the month on the dropdown and the reports will update from September to the month of selection.

6. To print the various reports, click on the buttons below: Print Grant Analysis Print Income Analysis Print Expenditure

|    | exit to view the filtered data. |                     | Capital   | Non Capital    |

10. To generate a report between values. Enter an amount from and an amount to

11. Exit to view the data and hit the report button to generate a printable report.

Report

### 7.1 Checklist

| Financial Reports                               | Actions  |        |
|---|--|--------|
| Bank Balances                                   | <ul> <li>Check to see if bank accounts have been open or closed during the period</li> <li>If yes have proper procedures been followed?</li> <li>Are the bank balances within the limit set by the BOM?</li> </ul>   | YES NO |
| Bank Reconciliations                            | <ul> <li>Check the bank reconciliations to ensure there are no differences<br/>on the reconciliation report.</li> <li>Check the date on the bank reconciliation report to ensure it is<br/>reconciled to the accounting period under review.</li> </ul>  | YES NO |
| Receipts and Payments<br>/ Income & Expenditure | <ul> <li>This report should show current periods figures, year to date figures, annual budgeted figures, previous year's figures.</li> <li>Examine this report in detail and check any unusual or large amounts.</li> <li>Assess that the school is on target to meet its budgetary plan.</li> </ul>   | YES NO |
| Balance Sheet                                   | <ul> <li>This report will show the year to date figures and the previous year's figures.</li> <li>Check that the balance sheet balances.</li> <li>Look for additions to fixed assets, changes in debtors and prepayments, changes to creditors and accruals.</li> <li>If there is any balance in the suspense account it should be examined.</li> </ul>  | YES NO |
| List of Creditors /<br>Accruals                 | <ul> <li>If the school is running the purchase ledger system examine the list of creditors to ensure that the school are paying their bills on time.</li> <li>The list of accruals/outstanding invoices should be totalled and check if the school has sufficient funds to pay its liabilities.</li> <li>If the school is currently undertaking any capital works ensure that you receive a list of the outstanding invoices.</li> </ul>   | YES NO |
| Income received in<br>advance                   | <ul> <li>As it has become common practice in many schools to collect the registration fee/voluntary contribution in advance of the next school year. A list should be prepared showing a summary of advance receipts and it is important that these funds are accounted for separately in the accounts.</li> <li>The school will on occasion receive grants for summer work schemes etc. in advance of the work being done therefore this income needs to be identified and accounted for separately.</li> </ul> | YES NO |
| Prepayments                                     | <ul> <li>Examine the list of prepayments to ensure that they have been<br/>allocated to the correct period.</li> </ul>   | YES NO |
| Capital Income &<br>Expenditure Account         | <ul> <li>This report should be given when there is a capital project such as an extension. Summer Works Scheme or major refurbishment in progress.</li> <li>This report should be examined to ensure that the project is running within the budget.</li> </ul>   | YES NO |

### 9.1 Chart of Accounts

The FSSU have created a standardised Chart of Accounts (link to file below) that will be used as the basis for the submission of accounts.

Chart of Accounts - FSSU

### 9.2 Chart of Accounts Suggestions

There are several documents to assist with categorising items of income and expense, these are available on our website and a more detailed document can be email upon request. <u>Suggested-use-of-COA-categories-for-schools.pdf (fssu.ie)</u>

### 9.3 Bank Summary Default Breakdown

The bank summary breakdown shows the department default list that each of the category default to upon selection. This is available upon request by email.

### 9.4 Petty Cash Template

This file is used on it's on or in conjunction with the Monthly Reporting Template. There are training videos and file available on our website.
