

# Using Electronic Banking for Making Payments

## Introduction

We would encourage all schools who are still using cheques for the payment of wages and bills to begin using electronic or internet banking as soon as possible.

Under the National Payments Plan, public sector bodies are encouraged to move towards electronic banking.

### The benefits of electronic banking include:

- Faster payment of wages and bills and approval can be done remotely
- Cheaper and more economical than using cheques
- Access to bank statements and less time spent on bank reconciliations
- Real-time bank balances at any time resulting in more relevant information

Section 12.5 of the Governance Manual for Primary Schools 2023 – 2027 states that:

*"The Board must satisfy itself that proper internal controls are in place for all financial transactions. The Board shall ensure that appropriate controls are in place in relation to the use of any school credit card, online banking etc. These shall include appropriate protocols and procedures for the approval of user(s), custody of the card concerned, authorisation of payments, agreed payment limits and the supply of supporting documentation and records. The Board shall not use debit cards for school expenditure."*

### Please follow the steps below when moving to electronic banking for payments:

- Approval must first be obtained from the Board of Management for the use of electronic banking by the school. This approval should be included and approved in the minutes of the board meeting.
- Once the decision to implement an electronic banking system has been taken, the board must ensure that an electronic banking policy is implemented as part of the schools' internal control procedures. This policy should be reviewed and updated at least once a year.  
Click [here](#) for a sample electronic banking policy.
- Schools must use business banking online which allows for two approvers as required by the Governance Manual for Primary Schools 2023-2027.
- Electronic payments are subject to the same rules as a cheque payment and therefore must be approved by two of the nominated signatories of the board which must be the treasurer and chairperson. The treasurer must always be one of the signatories for each transaction.

The chairperson can delegate their approval to another board member. This delegation must be approved by the board and included in the minutes of the board meeting.

- The board must approve the authorised approvers of online payments and include this in the minutes of the board.
- In line with good financial practice, there should be a clear division of duties. The person preparing the payment should not be one of the approvers of the payment.
- Access to approval of electronic payments must be password/PIN protected. It is not permissible for a bank approver/signatory to share logon details/PIN with other users.
- Any additions and amendments to payees must be approved by the authorised signatories.
- It is the responsibility of the board to ensure that the bank is aware of these controls and that the electronic banking system implemented complies fully.
- The FSSU has issued a separate Financial Guideline on the appropriate use of credit cards, please click [here](#).
- Debit cards should not be used by schools as a payment method under any circumstances, and where a school currently has a debit card for a bank account, this should be destroyed.

## **Security**

The FSSU has issued important security advice relating to the operation of Electronic Banking, please click [here](#).

## **Contacting your school's bank**

When contacting the bank, the school will need to provide their account number, phone number etc.

For schools that bank with AIB, call 0818 720 000 or contact their Relationship Manager at local branch level. The Relationship Manager can assist in registering them for online banking and any other issues they may face.

For schools that bank with Bank of Ireland, it is Business Banking Service who deal with schools if assistance is required.

Their number is 0818 818 265 and their email is [electronic.banking@boi.com](mailto:electronic.banking@boi.com).

For schools that bank with Permanent TSB, each school should contact their local branch level or contact the Business Banking Team at 0818 200 100 or 01 215 1363.

Further information or clarification on any of the issues raised in this guideline can be obtained from the FSSU.
