

Financial Year-End 2025/26

1. Introduction

Preparing for the year end is an important part of the school's financial reporting process. The accounts personnel is responsible for completing the year-end accounts and gathering the supporting documentation required by the school's external accountant to prepare the annual accounts. This guideline includes a practical checklist to help you complete each stage of the year-end process and ensure all required information is available for the external accountant. To help you with this process, we have developed a range of resources.

2. Other Year-End Resources

To assist the with the year-end process, we have a range of supporting resources available on our website. [Click here](#) to access these resources. They are intended to complement this guideline.

These resources include;

- **Year-End Preparation Webinar**

This webinar provides an overview of the year-end process and outlines the key steps involved in preparing the accounts package and supporting documentation.

- **Year-End Video Series**

This series of short videos follows the structure of the year-end guideline and checklist, with each topic covered separately. You can watch the full series or choose the specific topics where you require additional support.

- **Getting Started with the New Financial Year Webinar**

This webinar provides guidance on setting up and starting the new financial year. It covers key topics including posting year-end journals from 1 September, accruals and prepayments, income received in advance, recording new grants, updating the chart of accounts, and running the year end and importing the budget. It is designed to help schools transition smoothly into the new financial year and ensure records are set up correctly from the outset.

3. Accounting for New Grants Received in 2025/26

There were new grants in 2025/26, and the accounting treatments are outlined in the guidelines detailed in the table below. It is important that these grants are recorded correctly in Sage 50 and that any unspent ringfenced grants are reconciled and recorded into the relevant balance sheet codes at the year end.

<u>Guideline No.</u>	Topic	Overview
<u>41 – 2024/2025</u>	Funding scheme for mobile phone storage solutions	Ringfenced
<u>28-2025/2026</u>	Attendance Grant for 2025/26	Ringfenced

4. Key accounting treatments

We would like to highlight the following accounting treatments as being important for the current year.

4.a Post - Primary Schoolbooks Scheme & Admin Grant for the 2026/27 school year

The Post-primary Schoolbooks scheme was extended for the 2026/27 school year to cover all years in the post-primary schools in the free education scheme. It was paid in advance therefore:

- These grants must be accounted for as a grant received in advance in Sage 50.
- Any expenditure of this grant before the end of the 2025/26 school year should be recorded as a prepayment.

Further information can be found in [Guideline 37 -2025/2026](#).

4.b Summer Programme 2026

The Department of Education and Youth are continuing the school-based Summer Programme for 2026. The school must complete the student number return on the Esinet portal, and the grant will be paid in October 2026 for schools that have made this return.

- This grant must be accounted for as a grant due in Sage 50.

Further information can be found in [Guideline 43 -2025/2026](#).

4.c Bus escort grant income received

The Bus Escort Grant is provided to assist schools with the cost of employing a bus escort. Funding is based on the daily hours worked by the escort and includes an administration allowance to assist with the cost of administering the grant.

At the end of the school year, the school will complete a bus escort reconciliation return and submit to the School Transport Section. These returns will be used to calculate the grant funding for the next school year and also to deal with any surplus/deficit arising in the current year.

Payment will depend on the timely submission of the return, and may be before or after the 31st of August.

Please see [here](#) for a guidance note on the treatment of bus escort grant monies.

5. Summary of key deadlines:

The school should aim to supply all financial information to their external accountant/auditor for the school year ending 31st August 2026 by **September 30th, 2026**. The suggested deadlines below should be seen as the **latest dates** at each stage of the process.

Date	Action
30th September	The board provides all financial information to the external accountant for the school year August 31 st .
10th October	The necessary audit adjustments should be inputted into Sage 50 if available and the year-end must be run in Sage 50 to facilitate appropriate BOM reporting for the new financial year. If the adjustments are not available, please run the year end at this date and the relevant journal adjustments for Year-end (dated 31.08.2026) can be recorded in the relevant Balance sheet codes in Sage 50.
30th November	The draft annual accounts are returned by the external accountant.
31st December	Accounts are reviewed and approved by the board and signed by the chairperson and one other board member.
28th February	The external accountant submits the accounts to the FSSU and uploads a pdf copy of the approved annual accounts.

Sage 50 Accounts Upgrade & Latest Version

Most of the Voluntary Secondary Schools have upgraded and are availing of the remote data access and Bank feeds features available with the software. The FSSU strongly advise the setting up of remote data access for your external accountant as it will enhance the efficiency of the school accounts preparation process at the end of the financial year. Your external accountant will also need to have upgraded their Sage software to the same version in order to access your data.

Your external accountant will be required to have Sage 50 Client manager and use the same version of Sage as the school in order to access the school data.

It is advisable to check the version of Sage under Help / About and ensure that it is the latest Version. There are instructions for upgrading [here](#) in our Sage 50 section of the website.

To run the BOM reports for the new year which includes the budget for 2026/27 and prior year figures, the Financial Year End must be run in Sage 50. We would suggest that the latest date for running the Year end in Sage should be October 10th, 2026 to ensure that the board of management receive all the definitive reports for the new financial year.

Information on inputting the budget for 2026/27 before Sage 50 year end is run is available [here](#). If you are unable to run the year end routine by the 10th of October, the FSSU has developed a template in order to allow schools to produce the financial reports for the board of management, which can be found [here](#). Please contact us for support if required.

6. Preparation for Year End 2025/26

It is important that the school's chart of accounts is in alignment to the revised FSSU Chart of accounts so therefore it is advised to compare the current list of nominal codes in your schools Sage 50 with the revised FSSU chart of accounts to check for any inconsistencies. A current revised FSSU Chart of accounts is available [here](#) on our website. This will facilitate the inputting of the accounts into the FSSU Online accounts submission system by your external accountant/auditor and reporting of financial information to the Department and to the Charities Regulator.

- In finalising the year-end 31st August 2026 you should post all day-to-day transactions for the year. This ensures that your management reports and year-end postings are as accurate as possible. We have created a comprehensive checklist below to help you ensure that all transactions are recorded, and all accounts are reconciled. Please note not all of these will apply to you.
- It is advisable to prepare a file for the external accountant/auditor with a copy of relevant documents.

The key steps for preparing and completing the Year end in Sage 50 are as follows:

Step 1: Complete the following checklist:

A series of short year-end videos is available to support each step of the checklist [here](#).

Before Running the Year-End 2025/26:	Done
1. Post all day-to-day transactions for the year. This ensures that your management reports and year end postings are accurate. Ideally any audit adjustments from the external accountants should be posted to the income and expenditure codes within a reasonable time frame.	
2. Ensure you have bank statements for all school bank accounts covering the period 1 st September 2025 to 31st August 2026 and ensure all bank accounts are reconciled up to 31st August 2026.	

3. Review the bank reconciliation report as follows: a. Review the list of outstanding payments and receipts on the bank reconciliation to ensure they are accurate. b. Any duplicate entries should be Identified and written off. c. Any outstanding payments/receipts more than six-months-old should be investigated.	
3. Ensure that the petty cash and credit card transactions are recorded for the year and that the balances in the petty cash and credit card account are correctly stated at the end of the year.	
4. Ensure that the balance in the Cash Control Account equates to the amount of cash and cheques held in the safe on 31st August 2026.	
6. Ensure that the balance in the online payment solution clearing account (code 1870) equates to the amount of money owed from the online payments company at the 31 st of August 2026.	
7. Payroll records: Print individual employee payroll records for the period 1 st September 2025 to 31st August 2026, print a copy of the payroll summary for the 2025-2026 year and have a backup of the payroll saved to another source for 2025-2026 and up to 31st August 2026.	
8. The PAYE/PRSI/USC/LPT control account (nominal code 2250) should equate to the PAYE/PRSI/USC/LPT that is owed to Revenue at 31st of August 2026 (Where payroll journals are utilised).	
9. The net wages control account (code 2200) should be zero or any balance explained.	
10. Other wage related control account balances (e.g., Auto-Enrolment Pension, Union Fees, Single Public Pension Scheme, ASC) should equate to amounts owed at 31st August 2026 (if recording payroll using the payroll journal).	
11. VAT: Review ROS to ensure all VAT returns are filed. Remember you must file VAT returns even if liability is Nil. The VAT control account (nominal code 2260) should equate to the VAT that is owed to Revenue at 31 st of August 2026 (if using VAT journals).	
12. RCT: Ensure all deductions made from Subcontractors for RCT purposes have been returned to Revenue. The RCT control account (nominal code 2270) should equate to the RCT that is owed to Revenue at 31st of August 2026.	
13. Parents Association: Ensure all financial documentation is made available to the school's external accountant/auditor for inclusion in the annual financial accounts of the school.	

14. Complete a manual list of creditors & accruals on 31st August 2026 (money owed by the school). If using the purchase ledger print an outstanding creditors list at 31st August 26. • Match the creditor/supplier balance on the report to the statement received (or unpaid invoice if no statement available) from the supplier. • Any difference between the balance on the report and the statement should be investigated. • Any negative balances on the outstanding creditor list report should be investigated to see if any purchase invoices have not been posted. Request copy invoices from the suppliers and process on Sage 50.	
15. Complete a manual list of debtors, prepayments & grants due at 31st August 26 (money owed to the school). If using the sales ledger print an outstanding debtors list at 31st August 2026. • Match the customer balances on the report to the statements sent to the debtor. • Any negative balances on the outstanding customer list report should be investigated to see if any sales invoices have not been posted.	
16. Income received in the current year (2025/26), for the next school year (2026/27) should be shown as income received in advance on the balance sheet code 2105. Use the department function in Sage 50 to analyse the various types within the nominal account. This will facilitate the running of a nominal activity report by department for code 2105 at 31.08.2026 for audit purposes.	
17. Alternatively, complete a manual list of income/grants received by the school in the year 2025/26 that relate to 2026/27 school year e.g., book grant, transition year charges, school administration charges.	
18. Review the grants for the year to ensure that all grants received for the next academic year have been included in the accounts as Grants Received in Advance (nominal codes 2150-2152).	
19. Review the income and expenditure for ring fenced grants/income and carry any unspent amounts forward as unspent grants/income. See Appendix 1 for further information.	
20. Ensure that the Free Schoolbooks Scheme Grant and the Administration Support Grant received in the 2025/26 financial year for the 2026/27 financial year are recorded in code 2151. While the related costs should be in code 1720 – prepayments.	
21. Run a Nominal Activity Report and review the posting of transactions, to ensure they are accounted for correctly.	
22. Year-end Adjustments for creditors, debtors and income received in advance should be posted to SAGE 50 at 31.08.2026 before running year end if possible.	

Step 2: Print out the recommended financial reports as at 31.08.2026

Step 3: Managing the Year End in Sage 50

6.a Keep Sage 50 up to date for the new financial year

Sage 50 has a soft year end, and this means you can post into your new financial year before running the Year End option. It is important to make sure the **transaction date is correct**. A message advises that the date is outside the current financial year, click Ok or Yes.

The following reports can be run for the new financial year until you run the year end - Transactional Profit and Loss, Transactional Balance sheets and Transactional Trial Balances reports. Please note these reports are for internal/office use and should not be used for Board of Management meetings. If you are unable to run the year end routine by the 10th of October, the FSSU has developed a template in order to allow schools to produce the financial reports for the board of management, which can be found [here](#). Please contact us for support if required.

6.b Work with the external accountant to finalise accounts and year end adjustments

Schools should liaise with their external accountants/auditors and request them to review the school accounts as soon as possible and to return a draft Trial Balance which will include any changes to the income and expenditure for the year. The necessary audit adjustments can be inputted into Sage 50 before processing year end and the Income and Expenditure figures appearing in the archived accounts will substantially agree to the signed Financial Statements at 31.08.2026. If there are further changes after processing the year end, the adjustments can be made to the Balance Sheet codes dated 31.08.2026.

6.c Latest date for running Year end in Sage 50 is October 10th 2026

To run the BOM reports for the new year which includes the budget for 2026/27 and prior year figures, the Financial Year End must be run in Sage 50. Therefore, this year-end process cannot be put off for audit adjustments for too long into the new Financial Year.

We recommend that the latest date for running the Year end in Sage should be October 10th, 2026, to ensure that the board of management receive all the definitive reports for the new financial year. **Please contact us if you are unable to run your year end at this time. We have developed a template to assist with reporting as noted above.**

6.d Take two system backups

Take a minimum of **TWO Backups** and save to two separate locations (external hard drive/Network). Name it 'Before Year End'- it is essential to back up the data before running the year end, as this is the **only way** to go back to a pre-year position.

Please see step 2 above before running your year end in Sage 50.

6.e Running the Financial Year End

- **Change the program date**-change the program date to be the last day of the financial year. e.g., 31st August 2026.
- **Take TWO backups labelled 'Before Year End'**- it is essential to back up the data before running the year end, as this is the **only way** to go back to a pre-year position. It is advisable to take two backups as a precaution against loss or damage of the backup media.
- **To run the Year End, select Tools > Period End > Year End.**
- This will display the year end window and complete all the steps.
- **Archive Data** – select the option to archive data. This will enable you to view old data without having to restore old backups.
- **Check the details shown at the bottom of the Year End window are correct before selecting the Run Year End option.**
- **Click YES if the Year End dates are correct.**
- A year end progress screen will appear. Once complete you will be asked if you would like to print the Year End journal. Click ok.
- A final message appears that the financial year end has been completed, **click OK.**

6.f Check Data After Running the Year End

- Run a **Brought Forward** trial balance. Select **Modules > Nominal codes > Trial Balance**, for the period select **Brought Forward**.
- Make sure there are no income and expenditure codes on this report.
- Next, check your data again. **File > Maintenance > check Data.**
- Finally take another backup of the data and label it **'After Year End'**.

- **Do NOT clear the audit trail.** However, if there are more than two years accounts data on Sage 50 and if Sage processing appears to be slowing down then clearing the audit trail should be considered. Please refer to our Year end [Sage 50 section](#) of the website for details on this process.

Full details on running the year end are in '[FSSU SAGE Accounts Manual](#) - Section 8'.

7. The school Budget for 2026/27 should now be imported into Sage 50

There is an excel sheet included in the Budget Template 2026/27 called "Sage 50 Import" which provides a summary of the nominal codes and the total budget figures for the year. The details in Column A, B & D of this sheet can be copied into a template available in Sage 50, and this will enable the budget data to be imported into Sage 50.

See [here](#) for guidance on the process. Please ensure that your budget import template has the same nominal codes as exist in your Sage 50 accounts and that a backup is taken before importing the information.

8. Audit adjustments

Once the year end is run, any audit adjustments for the 2025/26 Accounts should be dated 31.08.2026 and should only be made to Balance Sheet codes with Income and Expenditure adjustments recorded in the Revenue Reserves code 2710.

9. Prior year comparatives

For those schools who want their Income and Expenditure Account showing the prior year, year to date comparatives instead of the full prior year, this optional report along with the instructions on how to copy into Sage 50 are available on the [Getting started in Sage 50 section](#) of our website.

10. Further information

Further information or clarification on any of the issues raised in this guideline can be obtained from the FSSU.

Accounting for Unspent Ringfenced Grants/Income

Some grants/incomes are received for a specific purpose, for example the ICT grant and the supervision & substitution grant. These are known as ringfenced grants. The unspent portion of these grants should be deferred until it is spent by the school.

The portion of unspent ringfenced grant balances must be accounted for at the end of the year using the relevant balance sheet code/s (2160-2180) in the chart of accounts.

The following grants are examples of ringfenced grants.

- Free Schoolbooks Scheme grant, Supervision and Substitution grant, ICT grant, Bus Escort grant, Schools Meal grant, all capital grants, etc.

To account for the unspent grants, follow the steps below:

- **Step 1:** Calculate the amount of the grant unspent at the 31.08.2026 (*Income Less Expenditure*).
- **Step 2:** Post a journal dated 31.08.2026 to transfer the unspent element to the balance sheet.
- **Step 3:** Post a journal dated 01.09.2026 to transfer the unspent element back to the Income & Expenditure report for use in the 31.08.2027 year. This journal can be recorded as soon as possible in Sage 50 as it is date driven.

Click [here](#) for a worksheet to assist with the accounting of unspent grants.

4. Príomh-mhodhanna cuntasáíochta

Ba mhaith linn aird a tharraingt ar na modhanna cuntasáíochta seo a leanas mar chinn atá tábhachtach don bhliain reatha.

4.a Scéim na Leabhar Scoile Iar-bhunscoile & Deontas Riaracháin don bhliain scoile 2026/27

Tá síneadh curtha le Scéim na Leabhar Scoile Iar-bhunscoile don scoilbhliain 2026/27 chun gach bliain in iar-bhunscoileanna sa scéim saoroideachais a chlúdach. Íocadh roimh ré é dá bhrí sin:

- Ní mór cuntas a thabhairt ar na deontais seo mar dheontas a fuarthas roimh ré in Sage 50.
- Ba cheart aon chaiteachas ar an deontas seo roimh dheireadh na bliana scoile 2025/26 a thaifeadadh mar réamhíocaíocht.

Cuirtear an Deontas faoi chomhair Coimhdire Bus ar fáil chun cabhrú le scoileanna le costas a bhaineann le coimhdire bus a fhostú. Tá an maoiniú bunaithe ar na huaireanta laethúla a oibríonn an coimhdire agus áirítear leis liúntas riaracháin chun cabhrú leis an gcostas riaracháin an deontais.

Ag deireadh na bliana scoile, comhlánóidh an scoil tuairisceán réitigh coimhdire bus agus cuirfidh sí faoi bhráid na Rannóige Iompair Scoile é. Braithfidh an íocaíocht ar an tuairisceán a bheith curtha isteach in am, agus féadfaidh sé tarlú roimh nó tar éis an 31 Lúnasa.

6.a Sage 50 a choinneáil suas chun dáta don bhliain airgeadais nua

Tá deireadh bliana bog ag Sage 50, rud a chiallaíonn gur féidir leat breacadh i do bhliain airgeadais nua sula ritheann tú an rogha Deireadh Bliana. Tá sé tábhachtach a bheith cinnte de **go bhfuil dáta an idirbhirt ceart**. Beidh teachtaireacht le feiceáil ina gcuirfear in iúl go bhfuil an dáta lasmuigh den bhliain airgeadais reatha, cliceáil ar Ok nó Yes.

Féadfar na tuarascálacha a leanas a rith i leith na bliana airgeadais nua go dtí go ritheann tú an próiseas deireadh bliana - Brabús agus Caillteanas ó Idirbhearta, Cláir chomhardaithe na nIdirbheart agus tuarascálacha ar Chomharduithe Trialacha na nIdirbheart. Tabhair faoi deara le do thoil go bhfuil na tuarascálacha sin beartaithe le haghaidh úsáid inmheánach/oifige agus nár cheart iad a úsáid le haghaidh cruinnithe an Bhoird Bhainistíochta. Mura bhfuil tú in ann an gnáthamh dheireadh na bliana a rith faoin 10 Deireadh Fómhair, d'fhorbair an FSSU teimpléad le ligean do scoileanna na tuarascálacha airgeadais a ullmhú don bhord bainistíochta, atá le fáil [anseo](#). Téigh i dteagmháil linn le haghaidh tacaíochta más gá.

6.b Oibrigh leis an gcuntasóir seachtrach chun cuntais agus coigeartuithe dheireadh na bliana a thabhairt chun críche

Cur Chuige Cuntasaíochta maidir le Deontais/Ioncam Imfhálaithe gan Chaitheamh

Faightear roinnt deontas/ioncam chun críche ar leith, mar shampla an deontas TFC agus an deontas maoirseachta agus ionadaíochta. Tugtar deontais imfhálaithe orthu sin. Ba cheart an sciar de na deontais sin nach bhfuil caite a chur siar go dtí go gcaithfear é sa scoil.

Ní mór cuntas a thabhairt ar an gcuid sin d'iarmhéideanna deontas imfhálaithe nár caitheadh ag deireadh na bliana faoin gcód ábhartha (faoi na cóid ábhartha) (2160-2180) ar an gclár comhardaithe i gcairt na gcuntas.

Samplaí de dheontais imfhálaithe iad na deontais seo a leanas.

- Deontas Scéim na Leabhar Scoile Saor in Aisce, deontas Maoirseachta agus Ionadaíochta, deontas TFC, Deontas faoi chomhair Coimhdire Bus, deontas Béilí Scoile, gach deontas caipitil, etc.
